

CSE 408- Lab #1

User Interface (UI)/ User Experience (UX) Design

Due: Tuesday April 14th 2020, 11:50 pm

Objectives:

After the lab, you should know how to

- Design User Interfaces and eXperience for web/desktop and smart devices
- Translate the paper design into Design Prototype using **Figma** web tool
- Translate finalized prototype into Executable prototype.

Assignment:

Tell your story “shelter in place” in three or more screens. Be creative!

- Tell us who you are
- Journey into your daily activities - how your day looks like
- When you go outside, if you do, what are your precautions
- Anything you want to share.

Ensure you have enough UI elements, transitions between the screens, ensure you can always go back to the home screen.
